ABOUT THE SYMPOSIUM

Since 1997, The Annual Arturo A. Schomburg Symposium has explored the complex relationship of the African Diaspora in Latinx cultures. **Now in its 25th year, the work presented has never been more critical.** With presentations by distinguished scholars, this event offers the opportunity to deepen our knowledge and understanding of the African Diaspora in the Americas and foster dialogue, educating audiences and speakers alike.

Arturo A. Schomburg (1874-1938) was born in Santurce, Puerto Rico. It is reported that one of Schomburg's teachers claimed that Blacks didn't have any history and accomplishments, inspiring Schomburg's lifelong ambition to uncover and document the achievements of Afro-Latinos. Today, the Schomburg Center for the Research in Black Culture features diverse programs and collections spanning over 11 million items that illuminate the richness of global Black history, art, and culture.

Arturo A. Schomburg (1874-1938) nació en Santurce, Puerto Rico. Se cuenta que uno de sus maestros le comentó que los negros no tenían historia, ni héroes, ni logros, inspirando a Schomburg a dedicar su vida a investigar y documentar los logros de los Afro-descendientes en el mundo. En el 1911 Schomburg co-funda, con John Edward Bruce, la Sociedad Negra para Logros Históricos. Hoy, el Centro Schomburg para la Investigación de la Cultura Negra, en la ciudad de Nueva York, presenta una diversidad de programas y su colección cuenta con sobre 11 millones de artículos que iluminan la riqueza del arte, la cultura y la historia de la raza negra a nivel mundial.
