

March 12, 2025

Dear Taller's Friends and supporters

Taller Puertorriqueño's Board of Directors is pleased to announce the appointment of Erika Goslin, MSS, LSW, as its new Executive Director. With over 15 years of experience in nonprofit, social work, and community engagement, Goslin brings a deep commitment to cultural preservation, education, and advocacy to this role.

Goslin, who has served as Interim Executive Director at Taller Puertorriqueño since early 2024, has been instrumental in advancing the organization's mission and expanding its impact in the community. She will lead Taller into its next chapter, ensuring its continued growth as a hub for Latino arts and education.

Goslin brings extensive experience in areas such as nonprofit leadership, social work, and administration. Prior to joining Taller Puertorriqueño, she owned and operated her own therapeutic private practice, where she provided anti-racist, culturally aware, and gender-inclusive psychotherapy and managed all administrative and financial aspects of the organization. She also held positions at Walnut Psychotherapy Center, Swarthmore College, Congreso de Latinos Unidos, and the Delaware County Children's Advocacy Center

Her dedication to social justice, youth development, cultural preservation, and social impact has shaped her career, making her well-positioned to lead Taller Puertorriqueño through its next phase of growth. Since serving as Interim Director at Taller, Goslin has strengthened our after-school arts programs and successfully launched the *Tramando* workshop series dedicated to empowering our Puerto Rican and Latino community through immersive workshops in traditional textile arts. She has also led the organization with strong financial discipline and continues to drive growth in revenue through rentals, the bookstore, and meaningful partnerships such as with Universidad Interamericana de Puerto Rico.

We are confident that Erika's passion and commitment to Taller's vision and mission will continue to strengthen our organization as we champion arts and cultural programs that celebrate and preserve our Puerto Rican and Latino heritage.

Please join us in congratulating Erika, and feel free to contact me with any questions.

Thank you for your continued support of Taller!

Sulma Dalessio, Board Chair
